THE JAG METHOD

At **JAG Physical Therapy**, we treat every patient just as a professional athlete or a VIP should be treated. It doesn't matter if you're a multi-million dollar baseball player or a painter trying to get up and down a ladder without pain, everyone deserves the same treatment.

Our unique, care-first model of physical, occupational and hand therapy has been viewed as the **"Gold Standard"**, delivering the best possible outcomes for our patients. When we hire our clinicians, we make sure that they're motivating, create a great social environment and are invested in the patient's full recovery. A specialized treatment plan will be implemented based on each individual's goals and needs, whether that's walking several miles a day, kicking a ball as a professional soccer player or simply returning to work.
